

CORRIGENDUM

In, Seung Duk Lee, Seong Hoon Kim, Young-Kyu Kim, Chulhan Kim, Seok-Ki Kim, Sung-Sik Han and Sang-Jae Park (2012) ^{18}F -FDG-PET/CT predicts early tumor recurrence in living donor liver transplantation for hepatocellular carcinoma. *Transplant International*, **26**: 50–60, the following errors were published in Table 1:

The numbers in Table 1 are partly incorrect. The corrections now include the previously missed standard deviation of MELD score and the p-value of major vessel invasion.

The authors apologize for this error.
